Impact together

Award winning, Inclusive United is a UK CIC founded in September 2023, provides inclusive sport opportunities for underrepresented groups.

Our weekday, daytime sessions support young adults with learning disabilities, SEN to get active through inclusive football, futsal, multi-sports, and yoga and pilates inspired wellbeing sessions.

We tackle social isolation, improve physical and mental health, and help individuals feel part of something meaningful and positive.

Our recent Sport England backed inclusive sport and employability programme provided young adults with the opportunity to increase their confidence and work on the foundation skills to help them find suitable volunteering or work placements within sport. The impact was huge and more inclusive sport and employability and leadership programmes are planned for 2026.

Our inspiration

Our inspiration is Thomas Light, a 21-year-old with Down's Syndrome and a passion for sport. After struggling to find inclusive sport opportunities post-school, Thomas co-founded Inclusive United to change that—for himself and others. Today, he's a coach-in-training, gaining work experience, and showing what's possible. He embodies our mission: empowering young adults to lead, belong, and thrive through sport.
