**Help us make a difference to create more opportunities for inclusive sport.**

Founded in September 2023, Inclusive United is a UK Community Interest Company (CIC) providing inclusive sport opportunities for underrepresented groups.

Our daytime sessions are for young adults with learning disabilities to take part in inclusive sport, including, football, futsal and multi-sports. Sessions help to reduce social isolation, increase opportunities to stay healthy and fit and enable individuals to be part of something positive.

In addition to our learning disability sessions, we offer ladies walking football sessions with a discount for carers. There are plans to increase the number of walking football and football sessions for women and to increase the opportunities for women to get involved in coaching.

## Our inspiration

*Fan of everything football and sporty, Thomas Light is the inspiration behind Inclusive United. A young adult who has aspirations to work in sport, Thomas has been faced with many challenges and limited opportunities to follow his chosen career path. Hence, we decided to do something positive and started to grow a business to help him and many other disadvantaged individuals to live a happy, healthy, social, fulfilling life of sport and positivity.*
